

Dear Mr. Gonen,

I want to thank you so much for getting my son Jeremy's hair back. My boyfriend first went to see you back in August last year when my son was completely bald, and since beginning to use your treatment, he now has almost all of his hair back. There are only a couple of small spots missing, and I am confident that these will soon fill in. Now my son doesn't have to feel strange because people are staring at him since now he looks like the other children. We were in despair over his condition and were afraid that he would never have hair again, but our prayers were answered. I have attached a few before and after pictures, which you may post on your website to show others what your amazing treatment has done. Thank you so much!

Sincerely,
Louise, Richie & Jeremy

P.S. The first two pictures where he is bald are from September 2009 when we first started treatment and the rest are from yesterday after 4 and a half months of treatment.
